

How to Make a Powerful Positive Change!

Women come into Mary Kay for one or all of the following reasons...

Fun: What woman doesn't like to play with makeup and skin care products? With the girlfriend time, prizes, recognition, and personal growth, you can't go wrong! It is nice to work when it doesn't feel like "work"!

Flexibility: Women are busy today and need the flexibility that most jobs don't offer. Since each appointment takes about 2 hours, women can fit them into their hectic schedules. Is your life running you or are you running your life?

Money: We are the highest paid business women in America! There's only 1% of the population that makes over \$100,000 per year and of that 1%, 70% are in Mary Kay Cosmetics. If you were to hold 1 appointment (3-6 women) per week, your monthly profits, based on national averages, would be \$600. 2 appointments per week would yield about \$1200, and 3 appointments per week would yield about \$1800! Now that's a big-girl paycheck for part-time work! Have you ever thought about making any extra money? _____

Hope: All women want hope for a better future...a better life! Whether you were to come into Mary Kay for fun, flexibility, money, to quit your full-time job, to get out of the house, to make some good Christian girlfriends, tax deductions, prizes, personal growth, spiritual growth, or whatever. Mary Kay can and does provide HOPE for a better life! What would you hope for?
